YOUR TRUSTED ONLINE DOCTOR

DOC2US is Malaysia's leading telemedicine platform. We connect doctors around Southeast Asia to individuals, anytime and anywhere. We strive to improve the health and wellbeing of all mankind and to ensure that medical treatment is available to everyone.

OUR SERVICES

ePharmacy

Our end-to-end ePharmacy service: from consultation to medication at your doorstep. We provide express deliveries across Peninsular Malaysia and international deliveries.

Electronic Prescribing System

Our Electronic Prescribing System gives pharmacies the ability to house their own virtual doctors to give consultations in real-time and prescriptions to allow medicines to be dispensed immediately.

Rapid Testing Kit Intelligent System

RTKIS is our very own AI-powered intelligent system providing cost-effective, credible and secure COVID-19 testing. Our RTKIS is integrated with SIMKA and MySejahtera so that results are synchronised between all platforms.

COVID-19 Home Care Plan

Our COVID-19 HCP is an all-inclusive home care program for COVID-19 patients to be taken care of at the comfort of their homes and have peace of mind while quarantining.

Corporate Solutions

DOC2US provides corporate solutions that include all of our regular services on an enterprise level. Additionally, we also provide vaccination service to corporates so that they can support and protect their employees.

活跃用户

您可信赖的线上医生

DOC2US是马来西亚领先的远程医疗平台。我们全天候连接民众与东南亚各地的医生，随时随地提供医疗服务。我们旨在改善全人类的身体健康，并确保每个人都能获得医疗服务。

我们提供的服务

ePharmacy - 线上药房

电子药房服务：从咨询到药物的上门服务。我们提供整个马来西亚半岛和国际快递服务。

电子药方系统

我们的电子药方系统使药房有能力拥有自己的线上医生，以实时提供咨询服务及药物处方，使其能够立即配发药物。

新冠肺炎快速测试智能配套 - RTKIS

RTKIS是由人工智能驱动的智能系统，提供具有成本效益、可信和安全的新冠肺炎测试。我们的RTKIS与SIMKA和MySejahtera融合，让所有平台同时显示测试结果。

COVID-19 居家护理计划

我们的新冠肺炎居家护理计划是一个全包式的家庭护理计划，让COVID-19患者在舒适的家中得到照顾，并在隔离期间得到悉心的护理。

企业方案

DOC2US提供的企业解决方案，包括我们所有的常规医疗服务。此外，我们还为企业提供疫苗接种服务，以便他们保障员工安全。
